Discharge to PVSC  
Our File No. 3597-17140

Dear Frank:

As you know, this office represents Hexcel Corporation in regard to its facility set forth above. We have continued to keep you advised as to developments at this site. We have now reached the point where a remediation will be implemented pursuant to the approval of the New Jersey Department of Environmental Protection. I am enclosing herewith a letter from Environ setting forth the status of this matter and requesting a meeting in regard to increased discharges to the PVSC. We would appreciate your review of this letter and your comments. Most particularly, however, we would appreciate your efforts in attempting to schedule a meeting as quickly as possible.

We look forward to meeting with you shortly.

Very truly yours,

  
Edward A. Hogan
